

# Maxim Events

## General Information

### Building Charges:

When your guest count exceeds 135 guests and you select either premium package there is no charge for Maxim Events. Basically, when you spend \$2500.00 on food there is no charge for the use of Maxim. Your planner will work with you to evaluate any charges.

### Time Allowed:

It is based on 6 hours from the arrival of guests. We don't make an issue over an extra hour. If it becomes more than the time allowed, we charge \$50.00 an hour for over time.
